As the rates quoted by the firm are far below the rates of the Jail Department and as the Jail Department cannot undertake the urgent supply of the furniture to speed up spending the sanctioned amount and also as the purchase had to be made urgently ~~in order~~ I request that my action in having purchased the articles locally may kindly be approved.

The Jail Department was not consulted in this particular case as their quotations already received for some of the furniture articles required for Primary Health Centres were available for verification in office. The quality of articles supplied by thefirm is also far better than that of those usually supplied by the Jail Department.

Yours Faithfully,
